

Download and Install Instruction for UDOT Electronic Bid System (EBS)

The UDOT Electronic Bid System (EBS) can be downloaded and installed on your system's hard drive.

Steps to download and install the EBS software:

- 1) Establish a connection to the Internet.
- 2) Open your browser (Internet Explorer)
- 3) Enter the following URL into your browser's "Address" window:
<http://www.udot.utah.gov/index.php?external&tid=317>
- 4) Click, "UDOT EBS Program Full Version 5.05".
NOTE: Before downloading, we suggest you create a folder on your 'C' drive, "UDOT EBS Program".

- 5) Click "Save".

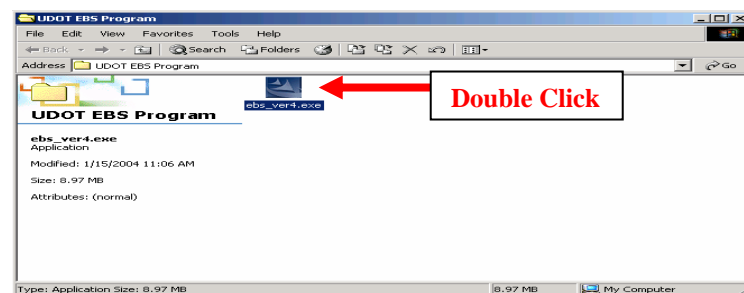

- 6) Specify the directory where you want the software saved, such as “UDOT EBS Program” and click “Save”.

- 7) When the download is complete, click “Open Folder”.

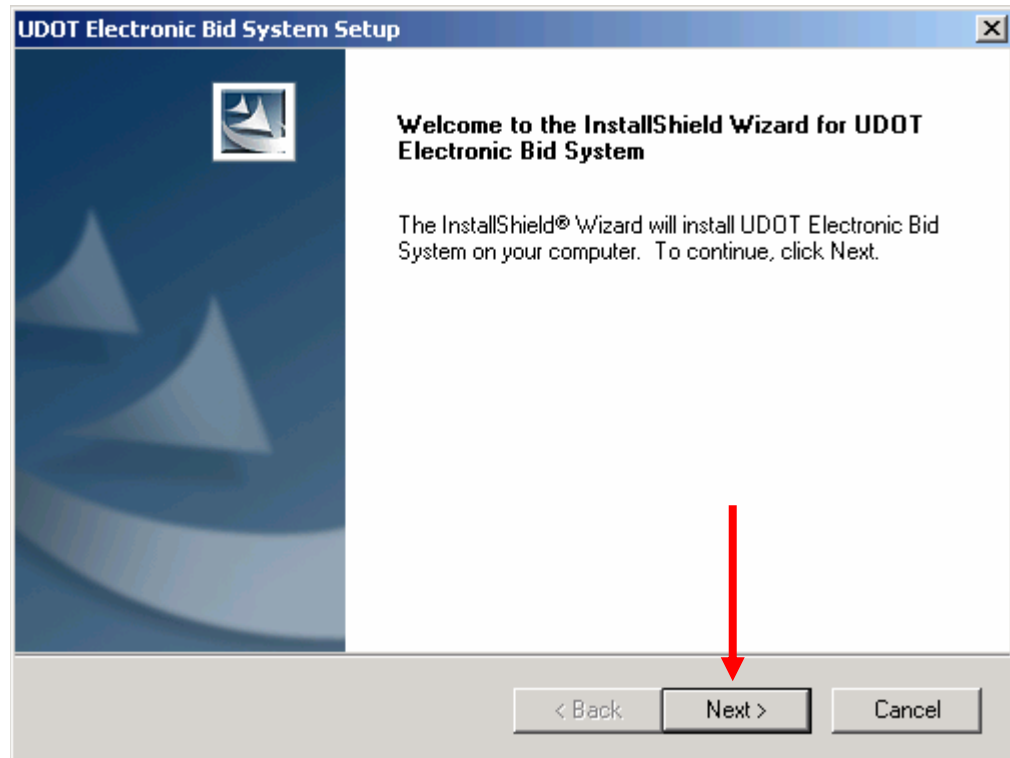

- 7) Double click, **ebs_ver505.exe** .

- 8) 'Install Shield Wizard' process will start. Click, "**Next**" to continue the process. The installation will create a directory on the 'C' drive called '**EBS**' and install the EBS software in a sub-directory call '**UDOT**'.

The installation process also creates a sub-directory in the 'EBS' directory called '**Download**'. The 'Download' sub-directory can optionally be used to keep the project bid files, DBE Directory, and DBE Work Types downloaded from the UDOT website for bidding.

- 9) After the 'Install Shield Wizard' has completed installation, the UDOT EBS icon is added to your desktop. Double click the icon to start the program.

If you need assistance downloading or installing this software please refer the
